### **Mission:**

Green Apple School Management's mission is to provide charter schools with the financial, operational, and educational knowledge and services they need to accelerate student achievement by working in partnership with the school, families, and community to help each child reach full potential in all areas of life.

### **About Us:**

Green Apple School Management, LLC was founded on the standard to create and operate "green" and healthy Charter Schools with an optimal learning environment. Green Apple is committed to the academic excellence and the education of the whole child with the understanding that each person must achieve a balance of intellectual, emotional, physical, moral and social skills as a foundation for life.

Some of Green Apple School Management's services include assistance with establishing charter applications and charter school start up grants, governing board relations, facilities acquisition and/or design, curriculum development, staffing recommendations and human resource coordination, as well as marketing, bookkeeping, budget development, financial forecasting, and financial reporting that is provided to the Governing Board for its oversight and approval.
