# Welcome!

## Welcome, Ms. Rachel Roberts – New Site Administrator!

Dear Odyssey Preparatory Families,

I would like to take this opportunity to say I am honored and very excited to join the Odyssey Preparatory School family. The Odyssey mission to work in partnership with the family and community, with the aim of helping each child reach full potential in all areas of life, has proven results and I am looking forward to serving this mission alongside you and your child.

Here's a little bit about me; for the past 6 years I have worked in Washington, DC, first as a National Teacher Fellow and then as an Assistant Principal and a district administrator. Prior to my service in the nation's capital, I taught early childhood in various schools in Northern Michigan and have two master's degrees in curriculum and instruction and educational leadership. I also love the outdoors and am looking forward to trading in my city life for long walks on the beach and paddles on the Indian River.

It is Odyssey's holistic educational approach and understanding of the whole child that has drawn me to the Odyssey family and it is the Head of Schools, Ms. Constance's vision of healthy schools and children that will continue to drive the work at Odyssey Preparatory Academy. As I transition to the role of school administrator, it is important to recognize the work of Dr. Reggie Revis and the strong sense of school culture he has developed over the past year.

I am looking forward to meeting all of you very soon and will be hosting two Meet & Greets in July (see calendar above). Please stop by and say "hello"! I also look forward to seeing you all at our Summer Registration!

Warmly,  
Rachel Roberts

## Volunteer News

Please take a moment to register as a volunteer in KeepNTrack. It is important to get registered because your volunteer hours are tracked in the KeepNTrack system. You can find the link to sign up to be a volunteer on Odyssey's website, located under the "Parent Tab." Look for the Volunteer Opportunities listing or you can register at the Brevard County School website under the Parents and Students tab. The price to register does vary depending on which level you register under.

## Bus Transportation

If needed and requested, free bus transportation is provided to children who live 2 to 4 miles from the school or more as defined by established bus routes. A bus slip must be completed for families who wish to sign up for bus service. Bus slips will be available at registration.

# Farewell from Dr. Revis

Dear OPA families:

At Odyssey Preparatory Academy in our second year, we have continued Mrs. Nolder's culture of support, respect and academic excellence. The Odyssey Preparatory Academy staff has worked tirelessly and deserves much thanks from all of us. Did you know that our third grade proficiency is one of the highest in the area? Unofficially, 89% of our children are proficient on the ELA section of the new FSA! We are proud of all our staff, our children, our families and the environment we have established. Official results for all sections of FSA will come in from the state as they are determined.

You may already know that I am moving west to be with my new wife, three step-children and a large extended western family. I love them and look forward to being with them in my new role. I am proud of the work of our OPA staff towards the vision and mission of Odyssey Schools. I am proud to have worked with the Odyssey Leadership Team, representing leadership from all Odyssey campuses. I am very proud of having been able to work with Ms. Constance again. She is truly a visionary with a heart for this community. Palm Bay is lucky to have her. I am blessed to call her mentor and friend.

OPA is in very good hands next year. Ms. Roberts brings many great ideas to support OPA's third year of work towards the vision and mission of Odyssey Schools.

Bye y'all,  
Dr. Revis

## Athletics

This year, we will continue to offer a wide variety of sports for our students through the Christian Athletic League, including volleyball, flag football, basketball, cheerleading, soccer, and track. Last year, we had our largest number of students yet that participated in athletics and we hope to continue to grow our programs.

## Summer Food Program

### Free for ALL Students

Students, ages 18 and under residing in Brevard County, can join us this summer for a free, delicious and nutritious breakfast and lunch at Odyssey's Flagship Elementary Campus. Breakfast is served from 8:00-9:00 AM and lunch is served from 11:30-12:30 PM. Adults meals are \$2.00 for breakfast and \$3.50 for lunch.

## The Joy of Summer Reading

**By TIME for Kids Reporter Liliana Scott**

<http://www.timeforkids.com/news/joy-summer-reading/244226>

TIME for Kids chats with author Kate DiCamillo (National Ambassador or Young People's Literature) about the fun of reading over the summer, and the future of libraries,

**TFK: Why are summer reading programs at the public library so important?**

*There are all these statistics about how sometimes when kids are out of school their reading level can drop because they are not reading during the summer break. That's one reason, but the reason that I like to talk about is just because libraries matter. The library is such a fabulous place because it can remind kids that reading is a joy. With summer reading, no one tells you what to read so you can read whatever you want that interests you. The summer reading programs at the public library are free, there are prizes to make it even more fun and it's just a great place to go.*

**TFK: In addition to summer reading programs, what are some other ways families can encourage kids to read more?**

*I am really fond of recommending that families read together, either a parent reading to a kid or a kid reading to the parent. That makes a big difference.*

**TFK: Why is reading important for kids?**

*Well, do you know what empathy is? So there is sympathy, which is when someone tells you a story and you think, oh, that makes me feel bad for you. Empathy is when you can imagine somebody else's pain. You don't just feel sorry for them; you can feel their pain, too. There have been studies about how when you read a really good book it makes you more empathetic as a person. It makes you able to relate more to the people around you and to empathize.*

**TFK: In your opinion what are some of the other things reading helps develop?**

*If you can read, you can do anything you want to do in this world. It opens the door to everything. You can teach yourself anything. It is also interactive. When you are reading a book and the character picks up a pencil and moves it on the desk, all the synapses in your brain that would fire if you are actually picking up the pencil yourself, fire so even though you are reading about it, it's interactive. There is just so much to gain from reading. There is not only the educational part — it's the emotional part too. You can learn about yourself and other people.*

## Family Literacy Resources

How is your family focusing on learning during the summer? Consider some of the following:

- Make a chart to keep track of all the books you and your family members read this summer. Talk to each other about your books during meals or long drives.
- Start a summer scrapbook with your family members. Include souvenirs of any trips you take, photos, ticket stubs, and projects you work on during the summer.
- Take a walk as a family. Write about or draw the things you see.
- Pick wildflowers and press them between the pages of a heavy book.
- Plan a family 'booknic' at your favorite outdoor spot, such as the beach, a park, or the woods. Pack lunch and plenty to read.
